SIR ROBERT BORDEN PROMISES FRANCHISE TO WOMEN.

"That the women of Canada appreciate the extension of the franchise to relatives of soldiers and also appreciate the difficulties in the way of a general enfranchisement at the present time, is shown by the manner in which the Franchise Bill has been accepted by the women of the country and advocates of woman franchise. Sir Robert Borden has given a pledge without equivocation that he will, if returned to power, give the franchise to all the women of Canada."

THE PRIME MINISTER'S PLEDGE

Speaking in the House on Monday, September 10th, he declared: "We are emerging to the point at which the women of this country must be entitled to the same voice in directing the affairs of the country as men, and so far as I am concerned, I commit myself absolutely to that proposal."

Again speaking the following day he declared: "I adhere entirely to the opinion that I have already expressed more than once in this House, namely, that the women of Canada generally are entitled to the franchise, and if the people of this country should give me a mandate at the next general election I undertake to carry out the purpose that I have already proclaimed."

OTTAWA CITIZEN APPROVES
The Ottawa Citizen, which is an earnest advocate of female franchise and a paper none too friendly to the government, praises Sir Robert Borden in the following terms: "It is to the credit of Sir Robert Borden that he has done more for the cause of equal suffrage in Canada than any other Federal statesman. He has taken the first definite step by enfranchising women soldiers of the soldiers on active service. He has also extended the vote to the women on active service on the same terms as the franchise to men soldiers."

The cause of an emancipated womanhood is part of the great cause of democracy for which the Allies, including the citizen soldiers of Canada, are giving their lives. Clear-sighted women can afford to allow Sir Robert Borden a reasonable time to carry out the equal suffrage pledge he has given and not try to force the government to enfranchise every Canadian woman in one step by the War Time Elections Act."

BAND CONCERT SUNDAY

The Red Deer Citizens' Band rendered an hour's concert last Sunday afternoon from 4 o'clock to 5 o'clock at the newly erected bandstand in City Square. While the weather was rather cold for such outdoor entertainment, quite a large audience was present and the Band has received numerous compliments. It is the intention of the Band to give another concert next Sunday afternoon, weather permitting, at the same hour, 4 o'clock, as it is understood all Sunday Schools are dismissed by that hour. One of the special numbers of next Sunday's program will be "Home, Sweet Home," as played by several of our Allies, United States, Russia, Italy, France, in addition to the way it is played in Scotland and Ireland. The program will be chiefly patriotic and a collection will be taken up on the Red Cross blanket at the N.W. corner of the square in aid of the Red Cross Society. Come along and encourage the band by your presence. The Band boys are giving their services free as an appreciation of the consideration shown the organization by the City Council at all times and particularly this year's Council, who erected the bandstand which is such an improvement to the square and a convenience to the Band. Let all the citizens spend this hour in a social promenade.

CHRISTMAS PARCELS TO THE BOYS OVERSEAS

It is the intention of the Red Deer ladies to send parcels again this Christmas to all the boys from this district who are now serving in Army or Navy. Names and addresses of the boys should be sent, without delay to S. Pamel, Box 604, Red Deer. Please help to make the list complete by sending in as early as possible, these addresses.

UNION THANKSGIVING SERVICE

The Protestant Churches of Red Deer have arranged for a Union Thanksgiving Service to be held in the Baptist Church at 11 a.m. on Oct. 8th, Thanksgiving Day. Rev. J. F. Woodworth of the Industrial School will be the preacher. The churches are asked to co-operate in making this service a success.

MEETING OF W.M.S. OF RED DEER PRESBY- TERIAL

The annual meeting of the Women's Missionary of the Red Deer Presbyterial met at Innisfail on Tuesday afternoon, September 25th. The following officers were elected for the ensuing year:

Hon. Pres: Mrs. Meek, Willowdale.
Hon. Pres.: Mrs. Scott, Innisfail.
1st Vice-Pres.: Mrs. W. G. Brown, Red Deer.
2nd Vice-Pres.: Mrs. Rosa, Olds.
3rd Vice-Pres.: Mrs. Jas. Martin, Ridge-wood.
Cor.-Sec: Miss McAllister, Innisfail.
Rec.-Sec: Mrs. N. G. Wilson, Innisfail.
Treasurer: Mrs. Pelker, Olds.
Strangers sec: Mrs. Jas. McKay, Cumberland.
Supply sec: Mrs. McPadden, Innisfail.
Mission Band sec: Mrs. Jas. Banner-man, Red Deer.
Home Helpers sec: Mrs. J. McVicar, Red Deer.
Messengers and literature sec: Mrs. J. McDougall, Red Deer.
Mrs. Moffatt, of Calgary, was present and gave a very earnest address on Missions. The meeting proved very helpful. Those present, on account of short notice the representation was small. The next annual meeting will be held in Olds.

Alberta Farmers' Live Stock Bulletin

Cattle.—The receipts continue very liberal, although the run this week did not seem to come up to last week in quality, a large proportion seemed to be cattle of the medium killing kind. The bidding on the heavy steers was somewhat slower and very little over \$9.50. We sold one extra choice heavy steer for \$10.50, and a number of steers at 10c, other sales were made at \$9.50, \$9.25, \$9.15, and a large number at 8c, other prices on hand, butcher steers being \$8.75, \$8.50, and \$8.35 with the common steers at \$7.75 and \$8.25. We sold several extra choice cows at \$8.25 and a few at \$8.00. The run of choice butchers cows were sold at \$7.50 and \$7.75, with medium to good at \$6.75 to \$7.75, and common cows around \$6.00, with thin and canners from \$5.50 to \$6.00. Common to good sold at \$5.50 to \$6.50 and canners and cutters down to 4c. Calves did not sell very readily heavy calves selling \$7.00 to \$7.50 and light calves around \$6.50. There was a heavy run of feeding steers and stockers, and a large number changed hands, good feeding steers showing breeding and weighing around 900 to 1000 lb would bring \$7.50 to \$8.00, and good stocker steers \$6.50 to \$8.00, from \$7.25 to \$7.50. Stocker cows are the hardest class of cattle to dispose of, especially in less than carload lots. We bought an extra choice load of yearling heifers for Mr. Parsons, of Acme, at \$5.00, and a load of medium yearlings for Mr. Talbot of Coalville at \$6.00. We also bought and shipped a nice load of 500 lb feeding steers to Mr. Johnson, of Nanton. Top price on cattle a year ago, \$6.00.
Hogs.—Very few hogs arrived for sale until Friday and apparently no sales were made before then. We sold all our week's hogs at \$17.25 with the C.P.R. billings assumed. The market again has an unstable appearance and there is a possibility of hogs selling lower next week.
Sheep.—With light receipts of sheep prices were about on a level with last week, lambs 12½c to 13c, wethers 11½c to 12½c and ewes 10c to 11c.

ROLL OF HONOR

Word was received by friends in the city that Sgt. Don Major, who joined with the 12th C.M.R., had made the supreme sacrifice. He resided at Prairie Creek, but his next of kin are in England.

Pte. Thos. Milbank, Prairie Creek, is another of our heroic sons who have given their lives for their country. His next of kin reside in England. He was a member of the 59th, and was killed at Lens in August.

MILITARY NOTES

Lieut. Ralph R. Huettis is expected home on furlough this week. Ralph enlisted in the fall of 1914, and has been three full years with the colors, the most of the time in France and Belgium. After serving some time he was given his commission by the imperial command and assigned to the Canadian A.S. Corps.

H. B. George, eldest son of Capt. Dr. H. George, has joined up with the Royal Navy and will leave for overseas service about the 23rd of Oct.

Pte. J. T. Speers, who left Red Deer with the 18th Batt., and was gassed on the 22nd June, 1918, at 21st Battalion, is in the Royal Military Hospital at Devonport, England, and recovering nicely.

Pte. Bob. Macdonald, who left with the 18th, wrote to his cousin Mrs. A. Connell on 28th August, from Rothsay, Scotland, that he was wounded on 2nd June, and is in Rothsay enjoying his leave, and his honeymoon. His farm is near Leslieville.

RECEPTION AT SCHOOL

The students of the High School held a pleasant at home and reception in the Assembly Hall last Thursday, the guests of honor being Pte. L. Nurbome, who has lately returned from the front, Roy Quigg, who is joining the R.F.C., Roland Michener, and Cass. Michener, who are both attending the University of Alberta, and Linton Gaez and R. Jonsson, who are leaving to teach school. (Dick explained that he was not guilty of the desire to teach school, but that some one had libelled him). Among those present outside of the pupils and teachers were Mr. and Mrs. Michener, Judge and Mrs. Mahaffy, Mr. and Mrs. Kerrobert, Mr. P. S. Simpson, Principal Locke, Mr. Michener, and Judge Mahaffy in brief addresses spoke of the gallant way in which Pte. Nurbome had done his duty and how glad all were to see him on his way to health again. Principal Locke while glad to see his star pupils leaving him, thought it would never quite seem the same at the school again. Dresses to Gerrie Smith, who sadly superintended affairs, also called on such of the retiring pupils in turn to address the gathering, and they did so in a very agreeable manner.

The rest of the evening was passed chiefly in dancing and playing games. Refreshments were served at 10.30 and everyone had a right good time.

SUNDAY SCHOOL SPORT DAY

A combined sport day or picnic of the Sunday Schools of Red Deer was held on the School grounds on Saturday afternoon. Miss Graves, Miss Hill, Rev. Brough, Messrs. Kenny and Dyer acted to be the main prizes in charge and they carried the events off in good style. All sorts of games and sports were enjoyed by the youngest as well as a scramble for nuts and candies. There was fine basketball game by the older girls, in which pupils representing the Anglican and Presbyterian Sunday Schools played a life game with those from the Methodist and Baptist Sunday schools. Miss Ramsey was referee. The score stood 12-12 at the finish after several minutes extra play.

The sack races were especially interesting and were much enjoyed, especially by the young ladies.

A good baseball game ended the day, with Ed. and Jodie captaining mixed teams. Rev. Brough made a great exhibition of himself, and cheered horribly, wherein he was ably aided and abetted by several of his team mates. Miss Graves unprompted, and had her work cut out for her, but she was very firm in her decisions. I really do not know which side won. Everybody said the day was a great success.

HILLSDOWN.

The annual Harvest Thanksgiving service will be held in St. Paul's Church on Sunday, October 7th, at 11 a.m. Contributions of flowers, fruit, vegetables or grain for decoration may be delivered at the church, on Saturday afternoon from 2 to 4 p.m.

PRESBYTERIAN ANNI- VERSARY SERVICES

The way the people entered into the spirit of public worship was one reason why the anniversary services in the city that Sgt. Don Major, who joined with the 12th C.M.R., had made the supreme sacrifice. He resided at Prairie Creek, but his next of kin are in England.

The presence and messages of the Rev. A. C. Whahart, of Calgary, together with the leadership of a splendid choir added greatly to the interest and inspiration of the day. The generous gifts and the splendid cooking of the women of the Church made it possible to serve a supper that was worthy of the high standard of former years, and the crowd of citizens who turned out to enjoy it enriched the treasury of the society by over one hundred dollars. An audience that almost filled the church heartily enjoyed every number of the concert given by the choir and their friends, as well as the words of greeting from the Rev. G. N. Plummer, of St. Luke's Church. The choir was under the direction of Miss Eberly and Mrs. E. Clarke. The readings by Miss Pearl Ebert, and solos by Miss Norris and E. Payne; executive, John Malcolm, W. R. Ellenwood, J. F. Day, E. Michener, D. W. McKinnon, Dr. Collison John Carwell.

ROCKY MT. HOUSE

September 25th.
The first issue of the Rocky Mountain House Teller is promised for October 4th. Don't forget to send in a subscription.
Mr. Hanson, of the Land Office Staff, at Red Deer has been visiting with Mr. W. J. Ross. He returned to Red Deer on Thursday morning.

Mr. W. Mohring, road foreman for the Red Deer district, was out here this week inspecting work done south of town.

The dance in I.O.O.F. hall on Tuesday evening was a great success. The band and dance floor were taxed to their full capacity until the wee small hours. Mr. and Mrs. A. D. Woods assisted by Mr. Turnbull on the cornet, provided excellent music.

The hunter's hope to start before freeze up.

September 25th.
Died at the Red Deer Hospital, after an abdominal operation, Arnold, the baby boy, aged four months, of Mr. and Mrs. Borstad, of Rocky Mountain House. The body was brought to Mountain House for burial. The funeral took place on Thursday, a short service was held at the home of Mr. Borstad, conducted by the Rev. B. J. Russell, which was largely attended. The preacher spoke of the comfort it must be when one knows his son is called home with Jesus. His text was "I shall go to Him but he shall not come back to me." I Sam. 31:2-3. It was a very sad service, everyone was in tears of sympathy for the parents, and the uncertainty of life. Geo. Cavan presided at the piano and sang a solo, "There's a Friend for little Children." After the service opportunity was given to those who desired to view the baby before being laid to rest. Numerous flowers covered the coffin, which was borne by four school boys. H. S.monds, W. Thompson, H. McDermott, L. Young.

Under the direction of teacher Mrs. Durand, a large number of school children attended. Many bugs and other rigs conveyed the corpse, the parents, and a large number of sympathetic friends to the cemetery, where the body was interred. Mr. and Mrs. Borstad have the sympathy of many friends in their bereavement.

On Sunday last the preacher, Rev. B. J. Russell, held services at the home of Mr. Rodka in the morning, and Mr. D. Gibson in the afternoon, where a large crowd gathered and enjoyed a lovely service. The preacher was accompanied by Mr. F. W. Towler.

Mr. Sid. Milbank was in town this week. As he was going up the street someone shouted "Sid, where are you going?" He replied, "I'm not going anywhere, I've come away from Prairie Creek."

On Sunday next, October 7th, Rev. B. J. Russell will hold services at the home of Mr. Rodka in the morning, and Mr. D. Gibson in the afternoon, where a large crowd gathered and enjoyed a lovely service. The preacher was accompanied by Mr. F. W. Towler.

There seemed to be a lot of speculation as to who had the largest family at the "Fair" to obtain Killeck's special prize of a sack of flour. Someone was heard to whisper that we must all do our best for the next fair.

IN MEMORIAM.

In loving memory of our dear son and brother Pte. John Robert Love, 49th Batt., who died of wounds in France, October 1st, 1916.

FIRST STEPS TAKEN IN MOVE TO NOMINATE DR. MICHAEL CLARK

On Monday night the first step was taken in a win-the-war association, the object of which is to secure the nomination of Dr. Michael Clark as candidate for the commons in this constituency, which, it is expected will spread throughout the riding during the next few days. There was a good attendance at the meeting, the audience being fairly well divided between Conservatives and Liberals.

A Win-the-War Association was formed.

It was decided to hold an open convention for the purpose of bringing out a candidate for the house of commons, such convention to be held about October 23.

The following officers were elected: President: R. L. Gaez; vice-president, F. W. Galbraith; secretary, W. E. Payne; executive, John Malcolm, W. R. Ellenwood, J. F. Day, E. Michener, D. W. McKinnon, Dr. Collison John Carwell.

On the executive are five Liberals and five Conservatives. Of the Liberals, F. W. Galbraith is editor of the Red Deer Advocate. He with three other members of the executive were delegates to the Winnipeg Liberal convention.

Of the Conservative members, E. Michener is leader of the opposition in the legislature; J. F. Day, who was the Conservative nominee for the rid of Red Deer, but assigned a few weeks ago, and John Carwell, editor of the Red Deer News.

The executive received instructions to prepare a requisition asking Dr. Michael Clark to become a candidate for the Dominion, which will be presented to him at the convention to be held.

The meeting was a very successful one, and it is expected that similar organizations will be created in different parts of the riding.

POTATO BUGS

While this serious potato pest has given trouble in Manitoba, parts of Saskatchewan, and Southern Alberta, for a number of years, Central and Northern Alberta has been exempt. This year, however, potato bugs were reported in Calgary and on Monday Mr. Usherwood found four adult bugs on his potatoes here in Red Deer. Needless to state potato growers should be on the look out for the pest, killing all that are found. If anyone besides Mr. Usherwood has found the beetles on potatoes this fall the undersigned would much appreciate particulars.

ANOTHER OLD TIMER PASSES

Another of Penhold's highly respected old timers passed away in the person of Mr. Hick Eyre, aged 74 years, on Friday last. The funeral took place on Sunday at St. Luke's Church, and from there to the Red Deer cemetery. Rev. Mr. Plummer conducted the service. Deceased has resided in the district for many years his wife having passed away about six years ago. He leaves a family of three sons and two daughters to mourn his death.

Mr. and Mrs. W. Hewson expect their son Robert home from the front at any time now, as he is in Canada. If his health permits he will go on with his medical course at Toronto. F. D. Locke and M. E. Lippin were stopping with Mrs. Hewson for a day or two before they went to Toronto to continue their courses in medicine. They returned from the front some time ago, where they were in the 11th Field Ambulance. The authorities thought it better that these boys should be sent back to finish their courses.

Graduation exercises for the successful pupils in the June Grade VIII examinations will be held in the Assembly Hall at the School Friday evening October 5th, at 8 p.m. Mr. Michener, M.L.A., and Mr. Strickle, of the Camrose Normal will address the gathering. Rev. Mr. Brown will address the candidates and present their diplomas. Parents and those interested in the school are cordially invited to be present.

For the benefit of those ladies who have not been able to finish out the chain of ten there will be an extension of a week. All money must be in to the treasurer, Mr. McLennan by Wednesday, October 10th.

RED DEER LIBERALS NOMINATE PUFFER

Convention Turns Dr. Clark Down

Dr. Michael Clark told the convention that there were two conditions on which he would withdraw his resignation: First, that the Liberal convention endorse a national government, and, second, that he be nominated on the non-partisan platform. Failing this, he asked that his resignation be accepted. Dr. Clark then made a strong speech, in which he defended his actions in the past and set forth his position at present. He said, in part:

"If this were my last appearance on a Liberal platform, which I hope it won't be, I do not think I could do better than what I am going to do, that is, show you that I justified myself before you who were my employers, because that is the view I take of being a member of parliament. I am working for you who are my employers. I do not understand a Liberalism which does not merit a certain freedom of thought and action. It is never pleasant thing to differ from old friends. It is a painful thing. However, I maintain it is not so painful a thing for me to differ from you in opinion, as it is for hundreds of thousands of our fellow Canadians to drag themselves away from their homes as they have done, to offer their lives so freely as a voluntary sacrifice for us and for the freedom which we enjoy. I can only conceive of one more painful thing than even that could be done to Canada, and that would be, if those men, having made this voluntary sacrifice, should be overtaken where they are by the very shadow of a suspicion of a thought that we had ceased to any extent whatever to be behind them as we were when we cheered their going, any time from three years ago until the present moment."

"I wish sincerely to say that there must necessarily be a certain amount of agreement with the aims and objects of the party. But it should be enforced at war time less than at other times. (Loud applause)."

LINCOLN'S CREED.

"I have a picture of Lincoln hanging in my study in my little shack on the farm. And under that picture I have framed the following words taken from one of his speeches: 'I am not bound to win, but I am bound to be true; I am not bound to succeed, but I am bound to live up to what I believe. I must stand with anybody that stands for right; stand up with him while he is right and part with him when he goes wrong.' That was Lincoln's confession of faith, and has been, as far as I know it, the guide of my life. I admit it may be the guide of your life, and you may differ with me as much as I differ with Sir Wilfrid Laurier."

ANOTHER SENTIMENT.

Dr. Clark then contrasted these sentiments with those expressed by a younger gentleman at a recent convention in which the speaker said, speaking of another statesman, "I am behind him first, last, and all the time," and asked what would that man do if his mouthpiece were to die. Dr. Clark then went on to show that it was no new thing for him to differ from his party. He had started to do so when he was a stripling. He had differed with his leader when he was in power in Ottawa, and was recognized as the greatest leader on either side. He had differed then on the steel bounty which was afterwards removed. During the same summer he spoke in favor of low tariffs for

the west. He added "The difference was that I differed then with your approval."

CONSCRIPTION OF WEALTH.
We hear sometimes about conscription of wealth. I agree with the charge that the government does not conscript wealth as they should. I am here on my defense and I ask you how did your member from Red Deer treat this subject? He referred them to Hansard of August 20, 1914, to prove that he was the first statesman since the beginning of the war to speak in favor of conscription of wealth.

He told how he had supported Hon. Frank Oliver's amendment to the Finance Bill when Sir Wilfrid had opposed it. In this amendment both he and Mr. Graham voted with Mr. Oliver and the lesser voted against them and no one complained "Am I to be read out of my party because on some things I and my leader do not agree?"

When Sir Thomas White introduced an income tax bill he supported it because he recognized in it advanced Liberal legislation and it did not matter if a Conservative introduced it. On the question of bilingual legislation Mr. Oliver led everyone of his followers into the lobby against the leader. "He might disagree but I must not disagree with my leader."

A measure in favor of municipal suffrage throughout the Dominion had been brought in by Sir Robert Borden but Sir Wilfrid Laurier had opposed it because he thought it was not best for Quebec, or some influences told him so. "But I agreed with Sir Robert Borden on the principle that what was good for Alberta was good for Quebec. I will vote for anything that is right, whether it is introduced by a Liberal or a Tory."

THE C.N.R. LEGISLATION.

A voice, "How about the C.N.R.?" The speaker then explained the three ways in which the C.N.R. could be dealt with. Shall out more money each year, take advantage of a bargain and foreclose without giving the investors any chance. This would be a bad slap to the credit of Canada to have a foreclosure of anything which had been guaranteed by British investors. Third, government ownership.

"You may not approve of government ownership. I have watched the railroads, and since confederation it is broadly true that the railroads of Canada have owned the people. It is time the process was changed and I supported the proposition on the ground that the people should own the railroads of Canada by owning the railroads of Canada."

DIFFERS ON THE WAR.

"I have differed from my leader in certain matters connected with the war. If there be any difference between us it is because I voice the sentiments he expressed at the beginning of the war, and I am afraid he does not. I believe in the mobilization of material, moral, and man power of the nation for the successful prosecution of the war. I am prepared above all things to get behind the boys in the trenches until the last drop of blood and the last dollar in Canada is spent."

"The anti-conscriptionist is a complainer, because he insists that the men who went to fight shall stay there without his help. Sir Wilfrid Laurier favors voluntary recruits. That means that those who care will volunteer and those who don't can stay behind and profiteer. What a sacrifice to sell the fighting men pork at 17c and munitions at a high price."

"I want to make a straight statement. Rightly or wrongly, I have arrived at the opinion that I do not believe that a party led by the province of Quebec can prosecute this war to a satisfactory conclusion. I reiterate with Quebec leading Canada has shot her bow and Canada is out of the war."

NATIONAL GOVERNMENT.
"I believe in a national government and I believe an election fought on party lines must put the important issue of the war in the background. I have the best reasons for believing that a national government will be arranged before the election. If a non-partisan government is formed with the pure reason of prosecuting the war and I am invited to run, I will do so. I am out of the race on a partisan basis."

In regard to his position on the franchise bill, the speaker told an enquirer that he was not sick as was supposed, but stayed away on purpose, because he had always worked to secure franchise and had never voted to take away a franchise, yet he could not approve of giving votes to those who could not go and fight. He believed that the great reason why conscription was popular was because it was supposed it would give a chance to make the people of Quebec to the front, and conscription is popular in Canada on that ground, and on that ground only.

Cries of "No, no." Then he amended his statement, and said it was largely on that account. The Nationalist Party had helped to defeat Sir Wilfrid Laurier, because he had favored a navy to protect the outside interests of the Dominion, and now they had been rewarded with cabinet positions.

The Frenchmen were being told that the government would protect them and the other foreigners would not be sent. Who then, would go? Simply the men who would go voluntarily, if they were not forced to go. Conscription could not in this way equalize the military service.

CRITICISES GENERAL CURRIE.
He spoke deprecatingly of General Currie as being the military correspondent of the government that had promoted him. He had made a poor list of taking Lense. The cause there had been very large, and yet Lense had not been taken. We do not want a political general, he said, to command our boys.

After this speech, Mr. D. Gillis, of Olds, moved, and Mr. C. V. Bennett, of Stettler, seconded, that the resignation of Dr. Clark be accepted, and

to get in touch with the spirit of the western prairies. He had been so long in the environment of politics at Ottawa that he wished to get in touch with the west and thought this was the best place to come for that. He wished to render his tribute to the services rendered to Liberals and to the west, by Dr. Clark. Red Deer had honored themselves in electing Dr. Clark to represent them, but this is a critical period, and when it has come about that Dr. Clark has reached a point where he can no longer represent the mind of the men who elect him. It was time to select a candidate who can represent the minds of the men who elect him. Dr. Clark had challenged the Liberal party, and the Liberal leader, but he himself had never followed his leader or his party with so strong a belief in him and the principles of the party as to day.

Loyalty was to be tested by service (if the Borden government claimed to be loyal) let them show it by his resignation. It is not the Borden government that is going to win the war, but the people of Canada. Because we are in the midst of a war it is no reason why we should turn our heads away and shut our eyes and keep silence, while money is being wasted. We know our men have been sent to war with guns that will not shoot and the Borden government cannot shake the blood off their skirts.

ALWAYS A CONSCRIPTIONIST.
He had always been a conscriptionist but he did not believe in the kind of conscription which made it possible for the government to send whom they wished to the war and to keep home whom they wished.

He believed that the great reason why conscription was popular was because it was supposed it would give a chance to make the people of Quebec to the front, and conscription is popular in Canada on that ground, and on that ground only.

Cries of "No, no." Then he amended his statement, and said it was largely on that account. The Nationalist Party had helped to defeat Sir Wilfrid Laurier, because he had favored a navy to protect the outside interests of the Dominion, and now they had been rewarded with cabinet positions.

The Frenchmen were being told that the government would protect them and the other foreigners would not be sent. Who then, would go? Simply the men who would go voluntarily, if they were not forced to go. Conscription could not in this way equalize the military service.

CRITICISES GENERAL CURRIE.
He spoke deprecatingly of General Currie as being the military correspondent of the government that had promoted him. He had made a poor list of taking Lense. The cause there had been very large, and yet Lense had not been taken. We do not want a political general, he said, to command our boys.

After this speech, Mr. D. Gillis, of Olds, moved, and Mr. C. V. Bennett, of Stettler, seconded, that the resignation of Dr. Clark be accepted, and

his letter filed. An amendment that he be asked to withdraw his resignation moved by W. H. Hutton, of Brooks, and seconded by A. E. Eckford, of Ecclestone, was lost by 50 to 5. The motion to accept was then passed without comment or thanks.

The following were then nominated on the first ballot: W. F. Puffer, LaCombe; Thos. McKencher, Olds; H. W. Wood, Carstairs; Dr. Clark, Eagle Hill; Mr. Walters, G. W. Smith, Red Deer; E. H. Jones, LaCombe; T. A. Gaetz, Red Deer; W. Sharp, Stettler; F. J. Sissons, Clive; A. H. Russell, Red Deer. All withdrew except W. F.

Puffer, who was accordingly declared elected by acclamation. Senator Talbot made a short speech, and W. F. Puffer made two speeches during the evening. At the close the officers were elected.

Dr. Clark although he has just come through a strenuous convention, and has just received word that his second son is badly wounded, is looking well and confident that his course will be justified at the polls. It is understood that F. W. Galbraith, the retiring president, and many other members of the convention, will throw in their lot with Dr. Clark.

The Best Farm or Ranch Car

YOU would replace your "general utility" team with a powerful, sturdy, Ford car at once, we believe, if you but figured the matter out carefully.

The Ford is especially suited to western conditions and your needs. It is equal to rough roads, big loads and long distances. These are the very tests to which you will put your car.

A Ford will run your errands for repairs, grease, mail and countless other necessities quickly and cheaply. It will save you weeks of time and money. It will be one of your best investments. It will make prairie life more enjoyable. You need a car and need it badly. The Ford is the utility car for the Western Farmer.

WEDNESDAY, OCTOBER 3rd, 1917.

A WIN-THE-WAR CONVENTION.

A meeting was held Monday evening to form a win-the-war association for Red Deer, and Dr. Clark will be offered the nomination.

The news stands firmly and squarely behind such an association and behind Dr. Michael Clark.

There are those who oppose Dr. Clark because he favors conscription. This is no time to oppose conscription when it is the law. This is no time to oppose war. We are at war.

The heavens and the earth are red with the blood of our sons. The enemy is in our midst. We cannot forsake our boys. Patience ceases to be a virtue when pikers and slackers and loud mouthed demagogues are resisting conscription and are refusing to perform their patriotic duty. As a writer has said "We have no place in our public schools, in our universities, in our churches for friends of autocracy, for cowards and pikers, or for those who are resisting this nation as she marches to the Garden of Gethsemane, preparatory to making her sacrifice for the emancipation of the world and the establishment of universal democracy. Away with such. We are tired and sick. We have been tormented with these people long enough."

THE LAURIERITE CONVENTION.

The convention held on Thursday last to bring out a Laurier candidate resulted in the nomination of Mr. Puffer of Lacombe, a gentleman who had represented that constituency in the Provincial Legislature for the past twelve years, and who was such a pronounced Crosstie that the electorate rebelled and defeated him at the last provincial election.

This is the man selected to take the place of Dr. Michael Clark, the most outstanding British Liberal in the House of Commons in Canada today.

The convention was not unanimous in any sense of the word. Many prominent Liberals would not stand and make the vote unanimous. Some left the meeting in disgust. About half of those present were Clark supporters and will work and vote for him when he is nominated as a win-the-war candidate shortly.

It is a little early to state definitely what action is being taken by Dr. Clark's friends, but we are at liberty to state that he has consented to stand as a candidate for a win-the-war party in the federal riding of Red Deer, and that organization steps are being taken, and a convention will be called at an early date to complete organization.

Hon. Frank Oliver, who went out of his way to attend the Red Deer convention to assist in defeating Dr. Clark, made a treacherous attack on one of Canada's most prominent soldiers. He said when General Currie got his promotion he became the military correspondent of the Borden Government. He was the commander in chief of the Canadian forces before Lens, where there has been more Canadian blood spilt than anywhere else on the firing line, and yet Lens

had not been taken. He also gave a quotation where it was stated Abraham Lincoln had caused more than one battle to be fought for political effect.

Mr. Oliver no doubt desired to infer that General Currie had fought a battle for political effect, or in other words to help the Borden government.

This remark with regard to Abraham Lincoln, one of the noblest men that ever lived, was but an excuse, and will be resented by every American, but to use this falsehood to traduce General Currie and the Borden government is on a par with many of the outrageous and false statements made by Mr. Oliver, and should be properly ventilated.

BUSINESS PROFITS TAX NOT TO BE DISCONTINUED.

Representations are being made by the Liberal press that the business profits tax is not to be continued. This is absolutely incorrect, as is shown by the following statement made by Sir Thomas White as it appears in Hansard:

"The business profits tax by its terms, comes to an end on December 31st of this year. When that measure was introduced it was thought that the war would be at an end by that time. I stated expressly the other day that we should tax abnormal business profits resulting from the war, and in the next Budget that I bring down we shall deal with that matter."

Mr. Pardee: "Will there be a renewal?"

Sir Thomas White: "I have stated that next year taxation will be imposed on excess business profits. I stated also the other day that it might be necessary to make some allowance for necessary public extensions but I laid down the principle as strongly as I could that abnormal business profits due to the war must be abnormally taxed."

There is an answer to an enquiry in the Investor's department of the Financial Post last week which is of much local present interest, says the Edmonton Journal. A gentleman wrote to ask if Alberta bonds were a good investment and the financial expert in charge replied that they were.

While it is true, he added, that the western provinces have been heavy borrowers and are carrying comparatively large public debts, yet their resources are so great and prospects so good that the security behind the various issues is sound.

The acquisition by the Dominion Government of the Canadian Northern Railway system will virtually relieve the Province of Alberta of a considerable liability in the guaranteed bonds of the railway company, and improve the province's financial position to that extent.

If the Dominion government had not adopted this policy, but had allowed the road, as was urged by opponents of that policy, to go into the hands of a receiver, Alberta would have been bankrupted. There would then have been another answer to the above inquiry. The amount of Canadian Northern bonds guaranteed by the province is \$18,950,361, all of which would on the establishment of a receivership immediately become due.

The statement is still being made that the government is presenting Mackenzie and Mann with \$60,000,000 for stock which is worth nothing. But it happens that the agreement for the purchase of stock stipulated that the present emergency, it is a very different matter to find one more suited to the task. This much is certain—his stock has risen immensely

SIR ROBERT BORDEN'S LEADER-SHIP.

Canadian Finance (Winnipeg): It is all very well to decide that Sir Robert Borden is not the ideal leader for the present emergency, it is a very different matter to find one more suited to the task. This much is certain—his stock has risen immensely

since the public had opportunity of reading his farewell to Hon. Robert Rogers.

That Sir Robert will succeed in his earnest effort to form a truly representative national government may yet be hoped. Especially is it desirable that some labor representatives will have a place, to serve as a needed rallying force for the thousands of loyal trade unionists who (despite not a little stupid lack of consideration of their viewpoint on the part of the Liberal party) are ready to back to the limit their brothers in the trenches. Writing in The Voice—the West's labor organ—"Christopher Columbus" in a series of short paragraphs reminds the anti-conscriptionists that "we are not fighting the Germans, they are fighting us." He points out "as a working man and a trades unionist" that "strictly speaking, anti-conscription is a form of anarchy; it is the laissez-faire doctrine in actual operation." He holds that the state has the same right to compulsion of men as it has to taking of war profits (and, by the way, it is reassuring to have Sir Thomas White's recent statement that the general income tax is not to do away with taxation of excess profits).

In this letter the writer well says: "This whole crisis has passed far beyond the point where voluntary effort, either of money or of men, can meet the requirements of the case. The most complete organization and coordination is necessary."

A SUGGESTION.

Ottawa Journal-Talk: Mr. Oliver is determined to talk, and the audience is a secondary consideration. The Liberal party ought to build a platform for him somewhere and put him up on it with a megaphone and a year's provisions.

HUNS USE LIQUID FIRE WITH A SMOKE BARRAGE ON YPRES-MENIN ROAD

PENETRATE ADVANCED POSITIONS, IMMEDIATELY CLEARED OUT.

London, Oct. 1.—"Early this morning the enemy heavily bombarded our positions, between Hamel and Polygon Wood, and subsequently launched three attacks, all of which were repulsed with loss," says Field Marshal Haig's report. From headquarters Sunday morning.

"The first was delivered south of Retebeke, it was beaten off by our fire before reaching our positions. Shortly afterwards, hostile infantry advanced against the Ypres-Menin road under cover of a thick smoke barrage and accompanied by flamethrower detachment and succeeded temporarily in driving in one of our advanced positions. An immediate counter-attack recaptured the post, together with a number of prisoners and machine guns.

"Later in the morning an attempt to repeat the attack was broken up by our artillery.

"The hostile artillery was active to day along our front between the Ypres-Comines canal and Zonnebeke, in the Nieupoort sector. Our artillery activity continued throughout the day.

A British official report concerning the operations in Mesopotamia announces the capture on Friday of Musaid Ridge, in the region of Baghdad. The British attacked the Turkish main position in the region of Ramdile, from the south, east and west and continued the attack Saturday, the enemy everywhere surrendering. The capture by the British includes some ammunition and several thousands of prisoners, including Ahmed Bey and his staff.

The report of Major General Frederick Maude, commander of the expedition says:

"After an advance Thursday night we attacked the enemy's advanced positions at Musaid, four miles east of Hilla. At Hilla, early Friday morning Musaid Ridge was occupied, continuing to advance, manoeuvred away from the river, attacking the Turkish main position about Ramdile from the southeast.

"A severe battle ensued, lasting throughout Friday. By nightfall our troops had carried the main positions and were encircling Ramdile from the east, south-east, and south at a distance under two miles from the town. Our cavalry completed the land column, while the Euphrates runs on the north side of the town."

"The enemy during the night attempted to break out westward, but was headed back by our cavalry.

"Our troops resumed the attack vigorously Saturday at daybreak with the result that at nine o'clock in the morning the enemy were surrendering everywhere.

"Included in our capture are guns, arms, ammunition, stores, and equipment, and also much other booty, several thousand prisoners Ahmed Bey, the Turkish commander and his staff.

"The enemy was taken entirely by surprise, and practically the whole garrison of Ramdile fell into our hands. Our troops displayed great gallantry, determination, and endurance under the most difficult conditions.

"During Thursday night another column moved out north-east of Bagdad after a sharp skirmish with a Turkish cavalry detachment, inflicting casualties and capturing four prisoners, and three hundred Turkish supply camels.

Newspaper Comments on the Red Deer Convention

Edmonton Journal: The result of the Liberal convention at Red Deer yesterday is not at all surprising. Despite the urgings of Liberal newspapers the Leubridge-Hébert and the Calgary Albertan to renominate Dr. Clark, it was evident that those in control of the party fortunes in the constituency had no such intentions.

Dr. Clark put his position to them clearly. They were already familiar with it through his speeches in the house and his letters to the press during the party politics while the war lasts. He had already resigned his candidature and would reconsider it only on one of two conditions: If the Red Deer Liberals endorsed a national government, or if he were endorsed by a non-partisan convention.

But there was apparently little, if any, disposition manifested to act in accordance with his ideas. His resignation was accepted without a vote of thanks for the nine years of service which he had given at Ottawa, in the course of which he has done the constituency the highest honor and brought it the greatest distinction.

Instead of thanking Dr. Clark, the convention expressed "its great admiration and appreciation of the splendid work done by that staunch and true exponent of Liberalism, Hon. Michael Clark," particular admiration being expressed for "his unsparing course during the recent session at Ottawa."

Everything that the Winnipeg convention did was endorsed, and a politician of the machine variety, Mr. W. P. Puffer, who in June sustained a defeat as a candidate of the provincial government in Lacombe, was named in Dr. Clark's place.

What is to be the result of all this? Does it mean that Dr. Clark is to cease to represent Red Deer because the Liberal party convention could not endorse having the member of the riding drop politics in war time and do what he could to help the government which was responsible for Canada's conduct of her part of the war? The Journal hopes not.

The attitude of the Conservative of the riding has been altogether better criticism. Their candidate, Mr. J. P. Day, resigned and expressed the hope that Dr. Clark would accept a nomination as win-the-war candidate from a non-partisan convention. Should not this convention now be held promptly?

Every opportunity was given to the Liberal organization to cooperate in this plan. But, as it has refused to do so, the only thing for the Liberals who approve of what Dr. Clark has done and they are very numerous) to do with the former party opponents in a win-the-war movement and cut loose from those whose actions have been so completely out of keeping with the soundest Liberal principles.

Should a movement, if carried into effect, should have little trouble in sending back Dr. Clark to Ottawa, where he will be needed in the future more than in the past.

POSITION IS CLEAR.

Calgary Herald: "The result of the Liberal convention at Red Deer yesterday makes it quite clear that the same sinister partizan influences which were such a marked feature of the Winnipeg convention have also been at work in the constituency of Red Deer."

Dr. Clark made his position plain to the delegates. He told them what he stood for and what sort of leadership his conscience would not permit him to follow. Had the convention accepted him as his candidate, he would not have been opposed by the Conservatives; but, and his re-election as member for Red Deer would practically have no assurance.

The choice which was left to the convention after Dr. Clark's speech could not have been more clearly defined. It was a question of Clark or Laurier. By their failure to renominate their member the machine Liberals of Red Deer have unalterably placed themselves on record as preferring Laurier and a Quebec leader to Dr. Clark, and "win-the-war."

There is only one thing to do now, and that is for those Liberals of Red Deer constituency who support the attitude of Dr. Clark, and who do not wish their party to be converted into the interests of anti-conscriptionists of Quebec and against the interests of Canada to join with the Conservatives of the riding and nominate Dr. Clark as a union candidate. If Dr. Clark will take such a nomination he can undoubtedly be elected. If the issue is placed before him strongly and squarely by such a convention he will not refuse.

STILL AT WORK.

Calgary Herald: It is apparent from the results of the Liberal convention at Red Deer yesterday that the unholy alliance of the Hon. Frank Oliver and the Hon. C. W. Cross is getting in its line work in the Liberal party in this province.

Mr. Oliver was one of the leading figures in the Red Deer convention. He was also an influential force in the conferences that preceded the meeting. He is an avowed anti-conscriptionist, he voted against the Military Service Act in parliament, he believes in Austrians and Germans being al-

SCIENTISTS WATCH CANADA'S MEN NOW IN THE SPOTLIGHT

SHOW INTEREST IN PHYSICAL EXAMINATIONS UNDER THE MILITARY SERVICE ACT.

OTTAWA, Sept. 27.—Medical men throughout the country are taking a keen interest in the coming examination of the physical condition of Canadians who are liable for service under the Military Service Act. This examination will be conducted by Medical Boards which are to be established all over Canada and will be free to all men who apply. Already the boards are in process of formation.

Many authorities have held that Canadians, as a race, are unusually hardy, owing to the rigorous weather experienced in this country. Never in Canada's history has there been such a thorough examination of men in the country between certain ages as is to be conducted under the Military Service Act. It will establish a new basis of fact for scientific men to work on and the records will be of value to universities and scientific bureaus not only in Canada but throughout the civilized world.

The object of the medical examination is to inform those liable to service if they will be drafted or not since men found physically unfit are sure of exemption by the Exemption Tribunal. Employers will also be able to calculate as to what removals they may expect from their business houses, factories, etc. But the scientific importance of the country-wide physical examination of men between certain ages looms large in the eyes of a great many medical authorities.

TOWER HAMLETS RIDGE SECURED: POLYGON WOOD LEFT BEHIND

EASTERN SLOPES OF LATTER
HAD BEEN FILLED WITH CON-
CRETE GUN, EMPLACEMENTS
AND SNIPING SHELTERS.

BATTLE CARRIES HAIG'S FORCE
HALF WAY THROUGH ZONNE-
BEKE VILLAGE.

BRITISH FRONT IN FRANCE
AND BELGIUM, Sept. 27.—Once more
the British fighting machine has
crushed its way through the German
trenches along the Ypres battle front
with great success. The offensive
began in the gray dawn of a misty
morning Wednesday by noon ac-
complished virtually all that had been
planned for it, and this afternoon the
men of Australia, England, and Scot-
land were holding positions which
represented gains of from 1,000 to
1,500 yards over a large part of the
whole of Tower Hamlets Ridge, which
the Germans had fought so
valiantly to retain; they were clear
of the famous Polygon wood, whose
eastern slopes had been filled half-
way with concrete redoubts and snip-
ing shelters; they had battled half-
way through Zonnebeker village, of
immortal memory, and north of the
Ypres-Roulers railway they were hold-
ing many German strongholds in the
valley of the Hanekere river.

The advance on the extreme right
was not deep but was in accord with
the plan to drive the Germans from
Tower Hamlets Ridge. The fighting
here yesterday was continuous and
sanguinary for the Germans kept
throwing infantry in waves against
the British position. A lot of British
troops in this sector began the new
push this morning under the fatigue
of many hours battling against a de-
termined foe, but they did their work
today and did it well. The fighting
about Tower Hamlets was very severe
and the Germans were determined to
get heavy machine gun fire on the British
from positions to the south.

Along the Menin road the British
made the slight advance called for
under a withering machine gun and
artillery fire. North of the Ypres-
Menin road the line of advance again
went much further into enemy terri-
tory in order to occupy the Polygon
wood and other important posts.

The Australians, who negotiated
most of the territory between the
Ypres-Menin road appeared to have
had comparatively little trouble in
getting through, with the exception of
a narrow stretch just south of the
Polygon wood where the Germans
held on tenaciously for a time. They
had to fight their way through a more
or less intricate trench system to
Polygon wood and encountered a great
number of block-houses, which turned
a vicious machine-gun and rifle fire
against them.

Among the troops opposing them
were Poles. The men made a good
start in getting over the top and
swept through the eastern portion of
Polygon wood. The Germans in re-
doublets on the eastern slopes of the
wood surrendered and within a com-
paratively short time the Australians
were surging across the race-course
on the level below.

GERMANS AGAIN BOM- BARD LONDON, NOTH- ING GAINED

IMMENSE NUMBER OF GUNS OF ALL
CALIBRES ENGAGED IN DEFENSE.

LONDON, Oct. 1.—Saturday night
and Sunday night the London district
and various parts of Kent and Essex
were raided by German aeroplanes and
there were continued reports that
three machines were brought down.

Eleven persons were killed and
eighty-two injured in Saturday night's
raid. Material damage, it was re-
ported, was not great.

On Saturday night four groups of
German aeroplanes attempted to at-
tack London, but most of the machines
were driven off. Bombs were dropped
in the northeastern and south-
eastern districts of London and at
various places in Kent and Essex.

OFFICIAL REPORT.
The following official report of the
raid was given out Sunday:

"Latest reports show that a deter-
mined and simultaneous attack was
made on London by three groups of
raiders. Each of these groups which
appeared each from a different direc-
tion, was broken up by anti-aircraft
guns and only two, or at the most
three, machines penetrated the defen-
ses. Bombs were dropped in the
northeastern and southeastern dis-
tricts. A fourth group of enemy
machines, which attempted to ap-
proach London later, was driven off
none of the raiders penetrating the
defenses of the capital.

"Bombs also were dropped at var-
ious places in Kent and Essex."

HUNS GAIN NOTHING.
The air raid Sunday night was the
fifth within seven days and as far as
available details show accomplished
nothing important to the enemy. The
claim that the new air barrage acts
as a powerful deterrent to the raiders
seems to have been justified further
in the latest attack.

An immense number of guns of var-
ious calibre were in action. Indeed
it was they and not the invaders who
were putting up the show.

Even more impressive was the ter-
rific din of the guns. The enormous
and prolonged volume of gunfire cer-
tainly was alarming to civilians ears
not accustomed to it. Some of the
high velocity weapons employed de-
tonated with a deafening crash in-
distinguishable by the civilians from
the roar of bursting bombs. So great
was the amount of defensive shell-
fire that an estimate of a thousand
shells discharged for every bomb
dropped does not seem extravagant.

DAMAGE UNKNOWN.
Almost nothing is known concern-
ing damage and casualties caused by
the raiders. It is said several bombs
were dropped in Essex and Kent with-
out causing casualties. One raider
was driven from London by the guns
of the fleet. Southwest of the capital
another was seen over the Thames
estuary. It was hemmed in by shell
fire and wriggled for half-an-hour try-
ing for an exit from what seemed a
triangle of bursting shells. It finally
escaped seaward.

A half-dozen bombs were dropped
in a suburban district without casu-
alties or important damage. One of
the bombs narrowly missed striking
a hospital.

The newspapers while commending
the vigor of the defense, still call for
other measures and advocate reprisals
on German towns. They insist on
this point with great vehemence. The
Times contends that it would be ab-
surd to suppose that the problem of
successful defense had been solved.

It points out that the intense gunfire
is only a partial deterrent and that
that air warfare is capable of infinite
expansion and that new methods will
have to be found to combat it.

The Times advocates a great air
fleet capable of carrying the war into
Germany.
